Qualification description

### Aim of the Course

This course is designed to provide adequate understanding of global attempt of harmonizing anti-corruption law and current practices of parties in private & public sectors in terms of dealing with corruption issues with the flavor of pondering different cultural backgrounds and aspects of various countries. That is this course reviews the evaluation of widespread corruption practices all over the world and undertakes a comparative study of domestic and

multilateral efforts to eradicate such practices. Throughout the Course, class-discussions will be led on the process of illegalizing certain practice as corruption and such policy discussion is the final focus of this course. Each session will be carried out discussing one chosen topic which was addressed throughout assigned readings in class. Finally, the Course plans to realize following aims

- Provide students with appreciation of different cultural concepts of corruption
- Equip students with knowledge on anti-corruption laws of the world
- Make students prepared with any policy decisions in order to prevent any future corruption
