RESEARCH & CREATIVE ACTIVITIES

SPONSORED RESEARCH

- [28] **PRINCIPLE INVESTIGATOR (PI)**: “Strengthening Communities in Central Florida: Meeting the Economic Recovery Needs of Lake, Orange, and Sumter Counties.” US Department of Health and Human Services, November 1, 2009 – October 31, 2011. (\$1,000,000.00 Federal Grant + \$292,469.94 matches; \$1,292,469.94).

This project will provide capacity building training, technical assistance, and financial assistance to 20 faith-based and community organizations in increasing their sustainability and effectiveness, enhancing their ability to provide economic recovery social services, and creating collaboration to better serve those most in need. The Strengthening Communities in Central Florida Program offers training and technical assistance opportunities for nonprofits to assist their transformation and the improvement of service delivery systems addressing the broad economic recovery issues present in South Lake, South Sumter, and West Orange Counties.

- [27] **CO-PRINCIPLE INVESTIGATOR (CO-PI)** (with Dr. Leslie DeChurch): “VOSS: Creating Functionally Collaborative Infrastructure in Virtual Organizations.” National Science Foundation (NSF). January 1, 2010- December 31, 2011. (\$400,000.00).

Expand knowledge on virtual organizations utilizing meta-analytic, field, and laboratory methods. The research approach is to examine a theoretically-based model of virtual organizational effectiveness using metaanalytic integration, field research on emergency response systems, and laboratory experimentation.

- [26] **PRINCIPLE INVESTIGATOR (PI)**, Phase IV, “Capacity Building Technical Assistance,” Second Harvest Food Bank of Central Florida, August 1, 2009- April 30, 2010 (\$6,300.00).

Students assist in all areas of food bank operations. Focus can be given to specific areas of student interest once their orientation is complete. The experience will be designed to give the students an in-depth exposure to the full scope of a large non-profit organization.

- [25] **PRINCIPLE INVESTIGATOR (PI)**: “Emergency Management in the Heart of Florida: Meeting the Needs of the University of Central Florida Students, Staff and Faculty,” US Department of Education, Emergency Management Higher Education Grant, September 1, 2009 – August 31, 2010 (\$496,758.00).

The grant aims to develop, review and improve, and fully integrate campus-based all-hazards emergency planning efforts for the University of Central Florida with partnering the Central Florida community.

- [24] **CO-PRINCIPLE INVESTIGATOR (PI)**, (With T. Bryer and N. Ellis). “Community Assessment and Strategic Planning Process for the Salvation Army of Metropolitan Orlando” Salvation Army, January 2009 – June 15, 2009. (\$16,954.00).

Analyze available community data to identify potential service gaps and/or service needs within the Central Florida region. This information will include a community survey. The results will be used to facilitate a strategic planning process with the outcome being a 3-05 year Salvation Army strategic plan.

- [23] **CO-PRINCIPLE INVESTIGATOR (PI)**, (PI: James Keller Co-PI: Dr. Hugh Potter): HIV Prevention for Criminal Justice-involved Individuals, multi-agency partnership with Nehemiah Educational and Economic Development, Inc. (NEED) & Florida Department of Health Bureau of HIV/AIDS, January 01, 2009- December 31, 2009 (\$732,000.00, \$208,000.00 UCF portion).

This project will replicate the successful MISTERS program for prevention of HIV and STDs among men who have been incarcerated. This is a multi-agency partnership with Nehemiah Educational and Economic Development, Inc. (NEED) as the primary applicant and involves Simeon Resource and Development Center for Men, Inc., Tree of Life Ministries, Inc. Health Care for the Homeless, Inc. and Orange Blossom Family Health Center, Inc. UCF will provide evaluation, training, and coordination for this three year project.

- [22] **PRINCIPLE INVESTIGATOR (PI)**: Public Service and Leadership Development Program, 2008-2009, Ministry of the Interior, Republic of Turkey, October 6, 2008 – October 5, 2009 (\$ 88,750.00).

Public Service and Leadership Development Program aims to contribute to developing, strengthening, and maintaining highly skilled, competent, and professional public service leaders. This program help meet the current and future leadership needs of the core public administration. The program offers leadership development programs and courses that will help to strengthen the participants' leadership and management capacities of ten district governor candidates from the Republic of Turkey.

- [21] **PRINCIPLE INVESTIGATOR (PI):** "International Emergency and Crises Management: Complex Network Form of Governance of Multinational and Multi-Organizational Response System," IPEK Foundation, August 17, 2008 – August 18, 2009. (\$39,000.00).

A project, the purpose of which set to develop a valid network response systems model to capture the dynamic interaction among participating organizations, technical systems, and scientific conditions that both create risk and enable response to severe threats.

- [20] **PRINCIPLE INVESTIGATOR (PI):** Facilitating Access to Services (FACTS II): Nonprofit Capacity Building for Grassroot Community Organizations," Orange County Health Department September 1, 2008 – August 31, 2009. (\$89,760.00).

The capacity building project focuses on strategic planning, fiscal assessment, annual reports, human resources development and policies, grant writing technical assistance to assist eight small Central Florida nonprofit agencies. It is expected that this will result in funding for the agency in the short term, and a greatly increased capacity to continue the proposal-writing process on the part of the nonprofits in the future. The project will be presented in major conferences and a manuscript will be written on the project.

- [19] **PRINCIPLE INVESTIGATOR (PI),** Phase III, "Capacity Building Technical Assistance," Second Harvest Food Bank of Central Florida, August 1, 2008- April 30, 2009 (\$6,300.00).

- [18] **PRINCIPLE INVESTIGATOR (PI),** Heart of Florida United Way Building the Capacity of Agencies Transitioning to a Competitive Funding Process, September 15- December 31, 2008 (\$2,500.00).

The project will develop, administer, and analyze a survey of capacity building needs of select agencies for United Way of Central Florida. A curriculum will also be developed for capacity building based on the research.

- [17] **PRINCIPLE INVESTIGATOR (PI):** Public Service and Leadership Program, Ministry of the Interior, Republic of Turkey, June 1 – November 15, 2008 (\$40,500.00).

The program provides knowledge of public service and leadership to Turkish Ministry of Interior Inspectors. The project also involves researching comparative government performance. More emphasis was given to crises and emergency management in this program.

- [16] **PRINCIPLE INVESTIGATOR (PI):** Collaborative Decision Making under Stress: Governance in Dynamic and Uncertain Environments of Crises and Disasters, Turkish Institute for Police Studies (TIPS), August 20, 2007 – August 31, 2008 (\$75,001.14).

This research will apply a theoretical framework of decision making, organizational behavior, and networks in disaster and crises response using catastrophic disasters and extreme events as examples. The research will investigate how community leaders, public agency heads, and nonprofit executives make decisions under stress and dynamic environments of man-made and natural disasters. For the research, relevant literature will be reviewed, content analyses will be conducted, a survey will be developed, and structured phone interviews will be conducted among public managers, community leaders, and nonprofit executives who responded to man-made and natural disasters. This study will produce a research report that presents both a theoretical framework and a model of decision making and disaster/crises response networks for public managers and first responders (police, fire, and emergency medical services).

- [15] **PRINCIPLE INVESTIGATOR (PI):** Public Service and Leadership Development Program, Ministry of the Interior, Republic of Turkey, August 20, 2007 – August 19, 2008 (\$43,688.10).

Public Service and Leadership Development Program aims to contribute to developing, strengthening, and maintaining highly skilled, competent, and professional public service leaders. This program help meet the current and future leadership needs of the core public administration. The program offers leadership development programs and courses that will help to strengthen the participants' leadership and management capacities.

- [14] **PRINCIPLE INVESTIGATOR (PI)**, Phase II, "Capacity Building Technical Assistance & Undergraduate Research Initiative," Second Harvest Food Bank of Central Florida, August 1, 2007- April 30, 2008 (\$10,000.00).

- [13] **PRINCIPLE INVESTIGATOR (PI)**: Public Service and Leadership Program, Ministry of the Interior, Republic of Turkey, July 1 – December 31 2007 (\$24,914.40).

The program provides knowledge of public service and leadership to Turkish Ministry of Interior Inspectors. The project also involves researching comparative government performance.

- [12] **PRINCIPLE INVESTIGATOR (PI)**: Facilitating Access to Services (FACTS II): Nonprofit Capacity Building for Grassroot Community Organizations," Orange County Health Department September 1, 2006 – August 31, 2008. (\$192,120.00).

The capacity building project focuses on strategic planning, fiscal assessment, annual reports, human resources development and policies, grant writing technical assistance to assist eight small Central Florida nonprofit agencies. It is expected that this will result in funding for the agency in the short term, and a greatly increased capacity to continue the proposal-writing process on the part of the nonprofits in the future. The project has been presented in major conferences.

- [11] **PRINCIPLE INVESTIGATOR (PI)**: WalMart Grant for Capacity Building Institute for Second Harvest Food Bank partner agencies, Second Harvest Food Bank, September 25, 2006, (\$19,600.35)

The goal of this program is to increase the ability of our partner agencies to feed more people by increasing their capacity to operate their organization efficiently and to raise the money necessary to support their mission.

- [10] **PRINCIPLE INVESTIGATOR (PI)**, (with Dr. Dr. Ronnie L. Korosec, Co-PI) "Advancing Help," HELP of Fort Meade, Inc. (14,860.07).

Compassion Capital Grant from US Department of Health and Human Services, Capacity building project to increase organizational effectiveness, enhance ability to provide social services to serve those most in need, expand organizations, diversify funding sources, and create collaborations to better serve clients.

- [9] **PRINCIPLE INVESTIGATOR (PI)**, "Advancing Help," Women's Resources Center, (\$15,500.00).

Compassion Capital Grant from US Department of Health and Human Services, Capacity building project to increase organizational effectiveness, enhance ability to provide social services to serve those most in need, expand organizations, diversify funding sources, and create collaborations to better serve clients.

- [8] **PRINCIPLE INVESTIGATOR (PI)**: Florida Department of Health, Equal Opportunity and Minority Health Department, through the "Closing the Gap (CTG)" initiative. (\$68,119.00).

The project will survey community-based organizations providing services targeting diabetes, cancer, cardiovascular disease, and infant mortality, and will focus on health disparities. It will also include providing organizational development services to designated community based organizations - two CTG funded projects and one non-funded, September 1, 2006 - August 31, 2007.

- [7] **PRINCIPLE INVESTIGATOR (PI)**: "Interorganizational Networks in Response to Routine and Catastrophic Disasters: Hurricane Katrina in 2005 and Florida Hurricanes in 2004," Winter Park Health Foundation, Winter Park, Florida, June 1, 2005- June 30, 2006. (\$2,500.00).

The research focused on the intergovernmental relations in coordinating complex systems in emergency management in response to Hurricane Katrina. The research applied a *theoretical* framework of networks in

disaster response using Hurricane Katrina operations as example; and compared a *successful network* response using Florida's response to 2004 hurricanes as example.

- [6] **PRINCIPLE INVESTIGATOR (PI):** Holden Heights Front Porch Revitalization Council, Inc. Florida Department of Community Affairs Office of Urban Opportunity, to implement Community Organizations Mobilizing for Partnership, Assistance, and Sustainable Strategies (COMPASS). (\$74,668.00).

The goal of the project was to increase the capacity of non-profit community based organizations and faith-based institutions to compete for funding to implement redevelopment projects in the Holden Heights Front Porch Community, December 15, 2005 – June 30, 2006.

- [5] **PRINCIPLE INVESTIGATOR (PI):** Florida Department of Health, Equal Opportunity and Minority Health Department, through the “Closing the Gap (CTG)” initiative. (\$53,927.65).

The project will survey community-based organizations providing services targeting diabetes, cancer, cardiovascular disease, and infant mortality, and will focus on health disparities. It will also include providing organizational development services to designated community based organizations - two CTG funded projects and one non-funded, November 18, 2005-August 31, 2006.

- [4] **CO-PRINCIPLE INVESTIGATOR:** The Central Florida Fair as a Forward Staging (FSA) for Disaster Relief. (with Lawrence Martin, PI, and Wendell Lawther, CoPI). December 15, 2005- March 31, 2006. (\$15,215.00).

A feasibility study of the CFF serving as a forward staging area (FSA) for the pre-positioning of disaster relief supplies and materials.

- [3] **PRINCIPLE INVESTIGATOR (PI):** The Governance of Homeland Security: Uniting Partners to Protect the Homeland, University of Central Florida, Orlando, Florida May 1, 2005 – May 31, 2006, (\$7,500.00).

The research investigated the basic elements necessary to establish a unified collaborative culture, potential obstacles to collaboration among local, state, and federal agencies, and the core competencies necessary for managers at the Department of Homeland Security for successful intra- and inter-governmental collaboration.

- [2] **PRINCIPLE INVESTIGATOR (PI):** Orange County Health Department Capacity Building Project, University of Central Florida, Orlando, Florida, January 2004 - October 2005. (\$298,417.00).

The capacity building project specifically focused on proposal writing and technical assistance. A two-year-long project, funded by Florida's Orange County Health Department (OCHD)/CDC, to assist nine Central Florida nonprofit agencies with capacity building, financial planning, technical assistance, and writing grant proposals to secure future funding. The team provided technical assistance in drafting proposals for funding for the nonprofit agencies. The project resulted in increased funding for the agencies in the short term, and a greatly increased capacity to continue the proposal-writing process on the part of the nonprofits in the future. The project is hailed as a best - practice model and has significantly increased service capacity for the grassroots agencies participating in the project. One manuscript was written on the project. The project also presented in three international/national and four state/local conferences.

- [1] **PRINCIPLE INVESTIGATOR:** Citizen Satisfaction Survey for Osceola County, University of Central Florida, Orlando, Florida, January 2005 – December 2005 (\$26,000.00).

The survey assessed the perceptions of Osceola County residents about their priorities, their assessment of government services, community conditions, and their preferences for receiving communications from the County. Findings can be used to improve policies and procedures regarding the delivery of services to county residents. They will also shape county's communication initiatives.

UN-SPONSORED RESEARCH

- [19] **PRINCIPLE INVESTIGATOR (PI):** Performance excellence: Characteristics of high performing organizations (December 2008 – May 2009)
The study reviews the documents and surveys the organizations received the Florida Sterling Councils Governors Sterling Awards. It develops characteristics of high performing organizations based on the research.
- [18] **PRINCIPLE INVESTIGATOR (PI):** International Disaster Management: Role of International Organizations (January 2007 – January 2009)
The study will review the current status of international disaster management system and the changing role of international organizations (i.e. NATO, UN, and World Bank) in response to and recovery from disasters.
- [17] **PRINCIPLE INVESTIGATOR (PI):** Crisis Management in European Union Countries and Turkey: Comparative Study (January 2008 – May 2008)
The study compares crisis management system/structure and practice in EU countries (Germany, England, and Spain) and Turkey with expectation of useful recommendation to Turkey for reshaping the system during EU membership.
- [16] **PRINCIPLE INVESTIGATOR (PI):** Collaborative Public Management & Governance: Comparing the two perspective for Leadership Competencies (January 2008 – August 2008)
The study compares the collaborative public management and governance perspectives on leadership. It is a literature review with potential conceptual development and contribution to literature.
- [15] **PRINCIPLE INVESTIGATOR (PI)** (with Montgomery Van Wart): The Specialized Competencies Needed in Management of Catastrophes by Administrators.
Both emergency management and the management of major catastrophes require a wide array of leadership/management competencies. This study seeks to explore where the differences in various competencies are greatest, or where the nature of the competencies varies most between emergency management and catastrophic management.
- [14] **PRINCIPLE INVESTIGATOR (PI):** Loosely Coupled Partnerships in Emergencies: Emergency Management Assistance Compact (EMAC) in Response to Hurricane Katrina (January 2007 – November 2007).
The research uses the partnership, networks literature to analyze EMAC in response to a catastrophic disaster. The research utilizes network analysis technique as a research tool. Specifically, UCINET network analysis program is utilized for data analysis.
- [13] **PRINCIPLE INVESTIGATOR** (with Evan Berman, and Xiaohu Wang): Emergency Information Management and Public Preparedness (September 2005- May 2006).
The research assessed the Florida Counties' emergency management strategies in preparing the public in response to the repeated threats of hurricanes. The data in this research were collected from three different sources during late 2004 and early 2005. First, a survey was mailed to emergency managers/directors in all 67 Florida counties, four cities with Emergency Operation Center, and the State emergency management office, Division of Emergency Management. Sixty-six organizations responded to the survey with valid information, yielding a response rate of 91.7 percent. In addition, in-depth interviews were conducted with respondents whose counties were impacted by three or more hurricanes. State Emergency Response Team situation reports have also been reviewed before, during, and after the hurricanes, as well as local Florida newspapers. Two manuscripts have been written from the research. The research has been presented at two national and one local conference.
- [12] **PRINCIPLE INVESTIGATOR:** Intergovernmental Relations in Homeland Security (January 2004 - May 2005)

The research collected data from the Hurricane Katrina response operations to analyze inter-governmental relations in response operations. The research also will analyze the National Response Plan implementation in response operations.

- [10] **PRINCIPLE INVESTIGATOR:** (with Louise K. Comfort), “Homeland Security and Interorganizational Coordination in the National Response Plan (NRP): The Evolution of Complex Systems (May 2005 – January 2007).

This research investigated how interorganizational networks are designed into the National Response Plan. The research uses the theoretical approach of complexity theory and dynamic network analysis to assess the relationships among organizations using the National Response Plan as the structure that shapes their functional and organizational relationships. The project has been presented in two international/national conferences. One manuscript has been produced from the research. 2005

- [9] **PRINCIPLE INVESTIGATOR,** (with Ulvi M. Saran): Turkish Public Administration Reforms and European Union.

The data was collected using in-depth interviews from undersecretaries and higher level bureaucrats in Turkish Government. The project was presented in an international conference. 2005

- [8] **PRINCIPLE INVESTIGATOR,** (with Claudia Petrescu): Comparing Service Learning Practices at the University of Central Florida and Eastern Michigan University.

The research compared the service learning experiences in the two universities. One is a university with a significant experience (EMU) and the other with an emerging service learning experience (UCF). The project was presented in two national conferences. One manuscript has been produced from the project. 2004-2005

- [7] **PRINCIPLE INVESTIGATOR,** Nonprofit Governance and Social Capital: A Network Perspective.

The data has been collected thru in-depth interviews in a nonprofit organization. Social network analysis using UCINET 6.0 was performed in analyzing the data. The research presented in a national conference. One manuscript has been produced from the research. 2003.

- [6] **CO-PRINCIPLE INVESTIGATOR,** (with Sitki Corbacioglu): Critical Evaluation of Turkish Disaster Management: Historical Perspectives and New Trends.

The data collected for the research thru in-depth interviews with executive emergency managers and official documents. One major newspaper also utilized for content analysis. Three manuscripts have been written from the project. 2003 - 2004

- [5] **CO-PRINCIPLE INVESTIGATOR,** (with Louise K. Comfort): Inter-organizational Coordination in Extreme Events.

The research used the World Trade Center Attack, September 11, 2001 as an example in analyzing interorganizational, inter-governmental response to an extreme event. The research has been presented in two international/national conference. One manuscript has been written from the research. 2003

- [4] **PH.D. DISSERTATION:** Public- Nonprofit Partnerships (PNP) in Dynamic Context: The World Trade Center Attack in New York City, September 11, 2001 (The dissertation was nominated by Graduate School of Public and International Affairs (GSPIA) for the NASPAA Annual Dissertation Award)

Qualitative and quantitative research; explanatory case study research; employing survey research method on inter-organizational coordination. Identify, describe, and evaluate the critical issues and challenges associated with public - nonprofit partnerships in dynamic context. Theoretical framework drawn from dynamic network theory, complex adaptive systems theory, and organizational social capital theory. Understanding collective action process

and exploring the potential contribution of information technologies to support this evolving process. UCINET Analysis and Crystal Ball Simulation methods. 2001-2003

- [3] **CO-PRINCIPLE INVESTIGATOR**, (with Muhammet Kosecik and Yasin Sezer): New public Management Becoming and its impact on Provincial management in Turkey.

In-depth interviews with district governors utilized in data collection for the project. The project has produced a manuscript for publication. The project was presented in an international conference. 2002

- [2] **GRADUATE STUDENT ASSISTANT**, Graduate School of Public and International Affairs (GSPIA), University of Pittsburgh, PA, 1998- 2003

Worked on several research projects by collecting, evaluating, and analyzing the data: Including the World Trade Center (WTC) terrorist attack and response system funded by the National Science Foundation (NSF), the Pennsylvania Homeland Security Project, and the Allegheny County Emergency Management & Vulnerability Assessment Project

Participated in teaching and development of course materials preparation for the Advanced Information Technology and Public Management (PIA 2165), the Managing Emergencies and Disasters (PIA 2490), and Policy Design and Implementation (PIA 2119) courses

- [1] **RESEARCH ASSOCIATE**, National Center for Public Productivity, Rutgers University, Newark, NJ, Fall 1997

Worked on several research projects including the New Jersey Department of Health and Senior Services' Organizational Effectiveness Study. Designed, developed, and executed comprehensive program evaluations for organizational effectiveness. Interviewed with high-level managers, collected and evaluated the data, and reported the results.

RESEARCH CONFERENCES, COLLOQUIUMS, MEETINGS & SEMINARS ORGANIZED

Annual Public Administration Research Conferences: Initiated and chaired the 2nd Annual Public Administration Conference: Changing Face Public Administration: Innovation in Government, Friday, March 28, 2008, University of Central Florida, Orlando, Florida

Annual Public Administration Research Conferences: Initiated and chaired the 1st Annual Public Administration Conference: Changing Face Public Administration: Financing the Future, Friday, March 30, 2007, the Rosen College of Hospitality in Orlando, Florida

Public managers are faced with a myriad of challenges associated with recognizing key issues, creating innovative responses, and finding effective solutions. Since these challenges are shared by government practitioners, researchers, and theorists, alike, it is essential that we collaborate in sharing information, celebrating best practices, and contemplating the future for the public sector. I initiated and chaired the 1st Annual Public Administration Conference: Changing Face Public Administration: Financing the Future, held on Friday, March 30, 2007, at the Rosen College of Hospitality in Orlando, Florida. The conference brought together Florida's leaders, public servants, practitioners, and the community, and the academics.

Public Administration research meetings and Colloquiums: I initiated and organized monthly research meetings and colloquia for students, doctoral students, faculty, and community. Student research in our department and the college has been enhanced through the initiation of these monthly Public Administration Research Colloquiums.

CURRICULUM & PROGRAM DEVELOPMENT:

Graduate Emergency Management and Homeland Security Certificate: Designed an Interdisciplinary Graduate Certificate Program in Emergency Management and Homeland Security and developed curricula.

The certificate provides a professional credential for emergency managers preparing to apply for the Certified Emergency Manager (CEM) program; emergency responders and public health personnel needing to know how their professions fit into the national, state, and local emergency management systems; administrators in educational, business, and other settings where a knowledge of emergency management policies and programs may be needed; and students preparing for academic careers teaching emergency management and homeland security or related courses. The certificate program courses integrates/uses Emergency Management Institute EMI (of FEMA/DHS) resources available online.

Minor in Emergency Management and Homeland Security: Revised the curriculum for the Emergency Management minor at the Department of Public Administration in UCF.

Developed Homeland Security and Emergency Management course for the minor. Also assisted the adjunct faculty in their syllabi and textbook identification for the minor program. The proposed changes are to reflect the role of emergency management in homeland security. The changes are based on the new structure of emergency management at both the federal and state levels, where it is included as part of homeland security. In addition, the content changes being proposed for the minor are based on the most recent literature on emergency management. The name has been changed from Emergency Management to Emergency Management and Homeland Security.
