Session Objectives

Participants will:

- brainstorm ways to promote the use of OER on their campuses and within library instruction

- be able to define what open educational resources are and explain how they benefit instructional practices

- discuss ways to align library services with OER initiatives

What is OER?

"Open Educational Resources are teaching and learning materials that you may freely use and reuse without charge."

Open Educational Resources

Origins of OER

Amends the default "All Rights Reserved" terms of copyright to "Some Rights Reserved," granting permission in advance to everyone to use the material.

The 5Rs of OER

Reuse: In a class, on a website, in a paper, ect

Retain: You can keep it: download, print, copy

5Rs

Revise: Adapt, adjust, modify, alter the content

Redistribute: Share copies, revisions and remixes

Remix: Create new OER by combining other OERs
