DLIST

Anita Coleman, University of Arizona
Tucson, AZ, USA

- the creation, design, and management
 - Open Access Archive for LIS – dLIST (<http://dlist.sir.arizona.edu/>)
 - Open access aggregator and federated search engine for LIS – DL-Harvest (<http://dlharvest.sir.arizona.edu/>)
- Sustainable information behaviors; open, transparency, quality and interoperability
- an open, network of communities – research-scholarly-learning-practice (from ISIC to ISAC :)

What is dLIST?

- Digital repository
- Open Access Archive
- For the Information Sciences
 - Archival Sciences, Library and Information Science, Information Systems, Museum Informatics,
- Founded in 2002
- All material types (research, teaching, practice)

More information

- Cheryl Malone, Co-Editor
- Advisory Board
- Is Indexed in
 - DL-Harvest
 - Google & Google Scholar
 - OAIster

Creation Origins

- Mapping IS/IT – sharing informetrics datasets
 - Sustainable information behaviors
 - Not everybody may want to or be able to afford an institutional repository
- Software – open source or proprietary
 - Digital libraries, digital repositories – is there a difference? Greenstone, dSpace, Eprints
 - Choice of metadata frameworks

Self-Archiving

Self-archiving is the practice of depositing digital copies of one's papers (works) into an OAI-PMH compliant digital repository

- Self-register with an open access archive
- Create metadata
- Deposit your papers
- Include the link (url) in your website

User Area Homepage - Coleman, Anita

Welcome to the registered user area of DLIST. Please click on one of the options below.

Items in your Workspace

[Begin a New Item](#)

This will create a new item, start editing it, and allow you to attach files. You must deposit the item for it to be submitted to the archive. Deposited items will not appear until they have been checked by a user with full responsibility. You should review your existing items if you are a new member or if you have deposited an item in the past.

These are items you are currently in the process of depositing. These will not be considered for the archive until you deposit them.

Unit 1 of 951 [Edit](#) [Cancel](#) [Use as template](#) [Delete](#)

[Pending Items](#)

You currently have no pending items.

[View/change your user record](#)

Select this option to see your user record, and to correct or update your user information.

[Change your subscription options](#)

Select this option to change your subscription. This allows you to instruct the archive to automatically email you with lists of documents deposited that match your criteria every day, week, or month.

[Change your Email Address](#)

Change the email address which eprints has for you.

[Change User Login](#)

Log in to DLIST as a different user. There is

Linux

Issues we've tackled

- Privacy, Copyright Transfer Agreements
 - CTAs of LIS Journals for the presence of Self-archiving
 - RoMEO green – poster session Ukansas
 - DLIST modified – shades of green and gold
- Focused crawling and harvesting; Research communities – NSDL EIESC
- Internships & Coursework

Open Access

- How does the LIS field practice Open Access?
- Self-archiving study – currently underway
 - D-Lib Magazine, October 2005
 - Take the survey

Unanswered questions - Quality

- What is value?
 - I mean the value of LIS research
- What is quality?
 - I mean the quality of LIS scholarly output
- What is our impact?
 - Uncitedness
 - "it's not the quantity, its the quality"

Questions

- Thank you
