Curriculum Vitae

EDUCATION

University of Kentucky (2013)

Ph.D., Communication Science (GPA 4.0)

*Dissertation Committee: Dr. Chike Anyaegbunam (Chair), Dr. H. Dan O'Hair,
Dr. Timothy Sellnow, Dr. Lisa Gaetke*

*Dissertation Title: Communication at Superfund Sites and the Reification of Division: Toward a Convergence-
Building Model of Risk Communication*

University of Kentucky (2009)

Graduate Certificate in Health Communication

University of Kentucky (2007)

M.A., Communication Science (GPA 4.0)

Florida State University (1995-1997)

Masters Program, School of Theatre, Dramaturgy (30 graduate hours completed)

Centre College (1994)

B.A., History and Theatre (Cum Laude)

GRANTWORK

Current Funding.

2015 - Present. SYSTEMS FOR ACTION. Co-Principal Investigator/Co-Director. As co-director of the Systems for Action national program office, I support rigorous intramural and extramural research by providing scientific guidance in stakeholder engagement, interorganizational communication and knowledge management, and environmental impacts, innovations, and partnerships. In addition, I contribute methodological expertise to the development and implementation of interview and focus group protocols, thematic analysis, action research, and grounded theory development, while also providing guidance for intramural and extramural policy-, practice-, and community-focused research translation. I lead targeted research and translational activities for findings generated through this program, integrating evidence-based communication practices into dissemination strategies and collaborating with Foundation staff for strategic communications planning and implementation. Funder: Robert Wood Johnson Foundation.

2014-2019. SUPERFUND RESEARCH PROGRAM, UNIVERSITY OF KENTUCKY.

Investigator. As Research Translation Core Co-Lead, I develop research projects, stakeholder engagement programs, and informational materials intended to further the translation of environmental health research outcomes into policy, practice, and ultimately public health, through the development of theory-based, methodologically-rigorous communication interventions at the researcher, governmental, and/or community levels. As Center Communication Director within the Administration Core, I develop, promote, and evaluate internal communication processes to foster collaboration and co-learning among investigators, trainees, and Center staff. Funder: National Institute of Environmental Health Sciences (NIEHS), NIH.

2014-2017. MANAGING THE NATIONAL HEALTH SECURITY PREPAREDNESS INDEX TO HELP IMPROVE HEALTH SECURITY AND COMMUNITY

RESILIENCY. Co-Principal Investigator. I lead stakeholder engagement and communication initiatives for the 2015-2017 iterations of the National Health Security Preparedness Index, a tool initially developed by the Centers for Disease Control and Prevention and the Association of State and Territorial Health Officials to examine annually the nation's health security preparedness by looking collectively at state-level preparedness. Index management formally transferred from CDC/ASTHO to the Robert Wood Johnson Foundation in January 2015. Funder: Robert Wood Johnson Foundation.

2014-2015. SUPPORTING QUICK-STRIKE STUDIES AND NEW INVESTIGATORS IN THE FIELD OF PUBLIC HEALTH SERVICES AND SYSTEMS RESEARCH, 2014-2015.

Investigator. I co-direct these two competitive grants programs through the National Coordinating Center for Public Health Services and Systems Research (PHSSR) and Public Health Practice-Based Research Networks. Quick-Strike Research Studies provide funding to conduct time-sensitive, practice- and policy-relevant research studies, while the Pre- and Postdoctoral Research Program provides funding for studies from and technical assistance for new investigators to the PHSSR field. Funder: Robert Wood Johnson Foundation.

2013-Present. QUICK STRIKE RESEARCH FOR PRACTICE-BASED RESEARCH

NETWORKS. Co-Principal Investigator. I co-direct this competitive grants program through which Public Health Practice-Based Research Networks receive funding to conduct time-sensitive, practice- and policy-relevant research studies. Funder: Robert Wood Johnson Foundation.

Completed Funding.

2013-2015. NATIONAL COORDINATING CENTER FOR PUBLIC HEALTH SERVICES AND SYSTEMS RESEARCH AND PUBLIC HEALTH PRACTICE-BASED RESEARCH NETWORKS.

Co-Principal Investigator/Deputy Director. I assisted with the organization, development, and implementation of cross-cutting and multinetwork research studies designed to evaluate and compare public health strategies implemented across diverse settings, with specific focus on organizational communication, dissemination, and implementation, while also managing personnel, workflow, internal communication, and research dissemination efforts for this national program office that links multiple stakeholders in pursuit of practice- and policy-relevant public health services and systems research. Funder: Robert Wood Johnson Foundation.

Anna Goodman Hoover

2013-2014. RURAL CANCER PREVENTION CENTER. Investigator. I developed, coordinated, and conducted dissemination and implementation research designed to identify the most efficient and effective means of distributing evidence-based information and health behavior interventions through the public health system to optimize subsequent health outcomes. Funder: National Center for Chronic Disease Prevention & Health, Centers for Disease Control.

2011-2014. RESEARCH TO IMPROVE RISK COMMUNICATION STRATEGIES DURING AND AFTER THE DECONTAMINATION/CLEARANCE PHASE OF AN INTENTIONAL BIOLOGICAL RELEASE. Investigator. I provided context-based engagement, interview, facilitation, and analytic expertise for this research project, which focuses on developing risk communication guidelines for communicating with stakeholders, media, and the public during post-incident decontamination and clearance. Funder: United States Environmental Protection Agency.

2012-2013. PUBLIC HEALTH PRACTICE-BASED RESEARCH NETWORKS NATIONAL COORDINATING CENTER. Co-Principal Investigator/Deputy Director. As deputy director, I managed the day-to-day operations of this national program. My duties included tracking and monitoring the progress of research projects; developing program presentations, seminars, workshops, and publications; translating research findings into public health practice and policy decisions; and implementing training and technical assistance for grantees. Funder: Robert Wood Johnson Foundation.

2011-2013. FLOYDS FORK STAKEHOLDER ENGAGEMENT PROJECT. Investigator. I co-developed protocols to document stakeholder preferences for future watershed land use and management, employing a community-based participatory engagement process that utilized both quantitative and qualitative metrics. Duties included analyzing research data and preparing scientific manuscripts for journals and conferences. Funder: Kentucky Division of Water.

2005-2013. SUPERFUND RESEARCH PROGRAM, UNIVERSITY OF KENTUCKY. Communication Liaison, Research Translation Core. I developed research projects and programs intended to further the translation of environmental health research outcomes into policy, practice, and ultimately public health, through the development of theory-based, methodologically-rigorous communication interventions at the researcher, governmental, and/or community levels. Funder: National Institute of Environmental Health Sciences (NIEHS), NIH.

2003-2012. KENTUCKY WATER RESOURCES RESEARCH INSTITUTE. UNIVERSITY OF KENTUCKY. Communications Director. In addition to such public information activities as website development/management, creation of public relations and communications materials, and event coordination, I coordinated communications-related social scientific research initiatives for KWRRI. Specifically, I assisted with the design and implementation of projects linking environmental concerns with risk and public communication processes. Funder: United States Geological Survey.

2009-2011. KENTUCKY RESEARCH CONSORTIUM FOR ENERGY AND THE ENVIRONMENT, UNIVERSITY OF KENTUCKY. Research Coordinator for Stakeholder Future Vision Project. In this capacity, I oversaw research activities related to this community engagement project, which was tasked with helping affected communities create a publicly-approved future vision for the Paducah Gaseous Diffusion Plant National Priority List Superfund site. Duties

included fulfilling all Institutional Review Board nonmedical research requirements; coordinating logistics for field projects; gathering and analyzing research data; preparing scientific manuscripts for journals and conferences; coordinating internal communications within the research team; and coordinating external communications and public relations effort. Funder: United States Department of Energy.

TEACHING

2015 **CPH 351: Population Health and Crisis Management.** Undergraduate lecture course focusing on knowledge necessary to participate in all phases of public health emergency response and crisis management.

PROFESSIONAL CONTRIBUTIONS/SERVICE

2015 Member, Children's Environmental Health and Disease Prevention Research Centers (P50) Review Committee, National Institute of Environmental Health Sciences, NIH, and U.S. Environmental Protection Agency

2015 Moderator, International Developments in Public Health Services and Systems Research. Keeneland Conference in Public Health Services and Systems Research. 22 April 2015.

2015 Faculty Reviewer, University of Kentucky College of Public Health Research Day, student oral and poster presentations.

2014-Present Member, Disaster Research Response (DR2) Environmental Health Sciences Network, National Institute of Environmental Health Sciences, NIH

- 2014-present Invited Reviewer, *Environmental Health Perspectives*. Review articles related to social science and transdisciplinary environmental health research.
- 2014 Invited Table Leader, NIEHS Communication Research in Environmental Health Sciences: Environmental Health Literacy Meeting. 22-24 September 2014.
- 2014 Member, R13 Conference Grant Review Committee, National Institute of Environmental Health Sciences, NIH
- 2014 Session Chair, Involving Communities in Health Communication Research. Kentucky Conference on Health Communication. 11 April 2014.
- 2014 Panel Chair, Translating Research Findings for Policymakers: A Dialogue. Keeneland Conference in Public Health Services and Systems Research. 10 April 2014.
- 2014 Session Chair, Information and Technology: Measurement and Evaluation. Keeneland Conference in Public Health Services and Systems Research. 9 April 2014.
- 2014 Invited Participant, Systematic Study of Local Adaptations Thought Leaders Forum. Robert Wood Johnson Foundation, Princeton, NJ. 20 February 2014.
- 2013 Co-Chair, Communities, Ecology, and Health: Making the Connection. (Sessions A/B.) Society for Environmental Toxicology and Chemistry North America Annual Meeting. 21 November 2013.
- 2013 Member, Research Careers in Emerging Technologies Special Emphasis Panel, National Institute of Environmental Health Sciences, NIH
- 2012-2014 Member, Resource Center Committee, Partnerships for Environmental Public Health, National Institute of Environmental Health Sciences, NIH
- 2012 Member, Community Research Collaboration Scientific Review Committee, California Breast Cancer Research Program.
- 2012 Invited Article Reviewer, *Environmental Science and Technology*, article on knowledge brokers for evidence-based policy translation
- 2012 Invited Article Reviewer, *Frontiers in PHSSR*, article on social media use by local health departments

2011-2014	Ad Hoc Member, Environmental Health Sciences Core Centers Review Committee, National Institute of Environmental Health Sciences, NIH
2011-2012	Planning Committee Chair, Connecting Research and Practice: A Dialogue between ATSDR and the NIEHS Superfund Research Program. (August 7-8, 2012). Atlanta, GA: ATSDR & NIEHS
2011-2012	Planning Committee Member, Partnerships for Environmental Public Health Annual Meeting: Strengthening a Dynamic Environmental Public Health Network for Tomorrow. (March 7-8, 2012). Bethesda, MD: NIEHS
2011-2012	Planning Committee Member, National Institute of Environmental Health Sciences (NIEHS), NIH Partnerships for Environmental Public Health Environmental Health Communication Workshop: Methods, Research, and Training. Bethesda, MD: NIEHS
2011-2012	Member, Health Communication Research Collaborative, University of Kentucky College of Communications and Information Studies
2011	Ad Hoc Member, Superfund Research Program Scientific Review Committee, National Institute of Environmental Health Sciences, NIH
2010-Present	Steering Committee Member, Dissemination and Implementation Sciences Consortium, University of Kentucky College of Communications and Information Studies
2009-2011	Planning Committee, NIEHS Superfund Research Program Research Translation Core Annual Meeting
2004 – 2006	Chair, Bluegrass Partnership for a Green Community Outreach and Communication Team
2003 – 2006	Member, Bluegrass Partnership for a Green Community Steering Committee
2002 – 2005	Member, Bluegrass Energy Expo Steering Committee
1997 – 2000	Member, Kentucky Arts Education Showcase Advisory Panel
1997 – 2000	Member, Mayfest Steering Committee

HONORS/AWARDS

University of Kentucky Wethington Award (2015)

Risk Sciences Research Fellow, University of Kentucky College of Communications and Information Studies (2010-2011)

Bruce H. Westley Memorial Scholarship for Excellence in Mass Communication Theory and Research, University of Kentucky (2010)

U.S. Conference of Mayors 2006 National Aluminum Recycling Challenge: Most Innovative Ideas for Marketing. (Chair, Bluegrass Partnership for a Green Community Outreach and Communication Team that developed and implemented the award-winning "Yes, We Can" campaign.)

Breckenridge Jones Award for History, Centre College (1994)

West T. Hill Dramatic Arts Prize, Centre College (1994)

John C. Young Research Grant, Centre College (1993)

Trustee Scholar, Centre College (1990-1994)

MEMBERSHIPS

National Communication Association

Phi Beta Kappa

Phi Alpha Theta

ADDITIONAL PROFESSIONAL EXPERIENCE

Radiological Society of North America (2005-Present). Freelance Media Support. In addition to composing freelance press release and website copy for the organization, I assist with pressroom operations during the RSNA Annual Meeting, including fielding inquiries from international media outlets and acting as liaison between researchers and such media outlets as CNN, NBC, NPR, USA Today, and Voice of America.

Carnahan Conference Center, University of Kentucky (2002-2003). Resident Manager. I oversaw all operational aspects of this historic conference center, including staff management and the creation and implementation of a marketing campaign that increased usage by 33% while decreasing expenses by 40%.

Anna Goodman Hoover

MacLellan Integrated Services, Inc. (2000-2002). Assistant to the Managing Director. I supported a number of endeavors for this multimillion dollar facilities management company, including assisting with creation and distribution of marketing and development literature and multi-media presentations, as well as coordinating all corporate events.

Lexington Arts and Cultural Council (1997-2000). Marketing and Events Coordinator. During my three-year tenure, I assisted in growing the annual Campaign for the Arts from \$812,000 to over \$1,000,000 in donations. My duties included coordinating fundraising events, as well as regional and statewide arts galas, composing all public relations copy, annual reports, and press releases, and writing and producing full-length fundraising videos and public service announcements. I also served on numerous local and state arts and civic committees.

WBNT-FM/OCV-TV (1996-1997). News/Sales Assistant. I wrote, produced, and scheduled news reports and radio advertisements for broadcast, as well as hosting live on-air programming.

Centre College Office of Communications (1995-1996). Communications Assistant. I served as editorial assistant for *Centrepiece*, the college's alumni magazine, as well as composing press releases and coordinating distribution of public relations materials to state and national media.

PROFESSIONAL DEVELOPMENT

2015 CDC: Crisis and Emergency Risk Communication Online Training, Certificate

2015 DHS/FEMA: Introduction to Incident Command System (ICS-100), Certificate of Achievement

2015 DHS/FEMA: National Incident Management System (IS-00700.a), Certificate of Achievement

PUBLIC AND COMMUNITY SERVICE AND ACTIVITIES

2013 Invited Presentation. Science communication: Helping communities lead healthier lives. Booker T. Washington Primary Academy. Lexington, KY: 3 October 2013.

2013 Dramaturg, *King Lear*. Actors Guild of Lexington.

2012 Hospitality Volunteer, United States Commission on Presidential Debates Vice-Presidential Debate, Centre College.

2011 – 2013 Program Advisor, Beta Theta Pi Social Fraternity Epsilon Chapter, Centre College.

2007-2008 Festival Dramaturg, Shakespeare at Equus Run.
