Libraries for Sustainability Webinar Series #3
Engagement in Professional Library Organizations
June 12, 2012, 2:00-3:00 PM (EST)

In this third webinar, we will discuss and share opportunities for engagement in professional library organizations and other groups that might provide a forum to share sustainability best practices such as discussion groups, task forces, committees and social activities. Share your experiences with tools such as LinkedIn and listservs, organizations such as AASHE, ARL, ACRL, as well as state and regional associations. How can we initiate contact with such groups? Where shall we focus? How do we address the diverse needs of libraries in all sectors: public, academic, school, special and other? Come prepared to discuss and offer ideas for specific recommendations for successful sustainability activities within professional library organizations. There will be the option for a group to convene in another virtual room for an ALA-focused discussion -- in particular, the future of Task Force on the Environment (TFOE). Plans are already underway for a face-to-face social gathering at the upcoming ALA Annual conference to consider how to best advance the sustainability message within our libraries and associations.

SIGN UP BELOW to receive the link to the virtual room.

Position in library (if applicable)

Library and/or Institution

In this webinar we will discuss ways in which to engage and collaborate within our various associations. To get a feel for your interests, please check all that apply in the following statement.

‘I would be interested in being part of, or forming a group focused on SUSTAINABILITY in libraries in the following’: *

- ALA Task Force on the Environment (TFOE) or similar group, newly created
- ACRL (Assoc. of College & Research Libraries) (e.g. Discussion Group)
- AASHE (Assoc. for the Advancement of Sustainability in Higher Ed)
- PLA (Public Library Assoc.)
- AASL (American Association of School Librarians)
- IFLA ENSULIB (International Federation of Library Associations and Institutions – Environmental Sustainability in Libraries Special Interest Group)
- State or Regional Associations (please specify in box below)
- Alternative ideas for engaging with the topic, aside from within an association(s)
- Other:
