B. Areas of Research Interest

Lower Genital Tract Disease
 Vulvovaginal Disease
 Vulvodynia

C. Completed - Grants / Awards / Projects:

Federal/NIH/CDC

Primary-Investigator - K23 HD45769-01: Mentored Patient-Oriented Research Career Development Award. Vulvar Disease and Bladder and Bowel Symptoms. National Institute of Child Health and Development. Percent amount 75%. Annual Direct costs \$100,000 per year. 1/04 to 6/09.

Institutional

General Clinical Research Center Pilot Grant. Vulvar Pain: Treatment trial using gabapentin. A double-blind, placebo-controlled pilot study. 2006-2008 \$10,000. Role on project – PI.

Clinical Trials

1547-851B-62 A Randomized, USA and Canada, Multicenter, Placebo-Controlled Phase II Study of Multiple Dosing Regimens of Intravaginally Administered 851B Gel for the Treatment of Cervical High Risk HPV Infection. 3M / Takeda Pharmaceuticals. 2006-2008 \$99,735. Role on project – PI.

V503-001. A Randomized, International, Double-Blinded, Controlled with Gardasil, Dose-Ranging, Tolerability, Immunogenicity, and Efficacy Study of a Second Generation Human Papillomavirus L1 Virus-Like Particle Vaccine administered to 16-26 year old women. Merck. 2007-2011. Role – Investigator.

Vaccine and Treatment Evaluation Units (VTEU): Evaluation of Control Measures Against Diseases other than AIDS, NIH 2007-2019. Role – Investigator.

108933 (HPV 010) A phase IIIb, observer-blind, randomized, multicenter study with two parallel groups to compare the immunogenicity of GlaxoSmithKline Biological's HPV-16/18 L1/AS04 vaccine versus Merck's Gardasil® vaccine when administered intramuscularly according to a 3-dose schedule in healthy adult females 18-45 years of age. GSK. Role – Investigator.

A Randomized, Worldwide, Placebo-controlled, Double-blind, study to investigate the safety, immunogenicity and efficacy on the incidence of HPV 16/18 related CIN 2/3 or worse of the Quadrivalent HPV (6,11,16,18) L1 Virus Like Particle Vaccine in 16-23 year old Women – the Future II Study. Merck and Co., Inc. 2005-2007. Role – Investigator.

A Phase III, double blind, randomized, controlled, multicenter study to evaluate the efficacy of HPV 16/18 VLP/AS04 Vaccine. GlaxoSmithKline. 2005-2008. Role – Investigator.

A double-blind, randomized, controlled Phase III study to assess the prophylactic efficacy and safety of gDAlum/MPL vaccine in the prevention of genital herpes disease in young women who are HSV-1 and -2 seronegative. National Institute of Allergy and Infectious Diseases/GlaxoSmithKline. 2003-2007. Role – Investigator.

HPV-015: A phase III, double-blind, randomized, controlled study to evaluate the safety, immunogenicity and efficacy of GlaxoSmithKline Biologicals' HPV-16/18 L1/AS04 vaccine administered intramuscularly according to a three-dose schedule (0, 1, 6 month) in healthy adult female subjects aged 26 years and above. Glaxo Smith Kline 2006-2009 Role – Investigator.

Phase I, Rising Multiple-Dose Safety, Pharmacokinetic, and Pharmacodynamic Study of R-851 Gel Delivered Intravaginally to Female Subjects with Cervical Dysplasia. 1485-R851: 3M 2003-2005 (completed). Role - Investigator.

Other Supported Projects

Materna Medical: A Prospective, Single-Arm, Feasibility Clinical Study to Evaluate the Materna Labor-Ease System For The Prevention of Perineal Lacerations and Occult Disruption of the Pelvic Floor and Associated Sequela During Vaginal Delivery 2011. \$21,500. Role on project – PI

Kenneth J. Ryan Residency Family Planning Training Program. Program Director 2010, Co-Director 2011. Training grant with yearly renewal-Budget: \$290,900 /\$122,250. Role on project – PI.

P040028 A Single Arm Multi-Center Post Approval Study of LUMA as Adjunct to Colposcopy. Spectra Science, Inc. and UIHC Foundation for Cancer Prevention. 2008-2011 Initial budget \$98,854 + extension for 2011. Role on project – PI.

Characterization of Vaginal Microbial Communities in Women with Recurrent Candidiasis using Culture-independent Methods PPCT-050180FC: Procter & Gamble Company. Initial budget \$16,935 / 2005 - 2007. Role on project – PI.
