Liaison Librarian – Engineering, Computing, Math, Statistics, GVSU University Libraries

MLA Academic Libraries

Thursday, 5 May 2011

Concurrent Session #7, 3:15-4:00 pm

5 May 2011

Workshop Objectives

- 1) Become acquainted with the GVSU University Libraries ILCC document
- 2) Outline at least one idea for incorporating an ILCC learning objective into a lesson or collaborative assignment

ILCCs ... What are they, and where did they come from? ...

“Information Literacy Core Competencies”

<http://www.gvsu.edu/library/information-literacy-core-competencies-168.htm>

- ACRL (2000)
<http://www.acrl.org/ala/mgrps/divs/acrl/standards/informationliteracycompetency.cfm>
- Related to GVSU GenEd Skills Goal (3.)
<http://www.gvsu.edu/gened/index.cfm?id=CADAAEB7-EB24-7736-CDF685D4E15B9A2E>
- Used by GVSU Liaison Librarians

GVSU’s ILCCs are derived from a national information literacy skills standard: ACRL’s “**Information Literacy Competency Standards for Higher Education**” approved in January 2000 [ACRL, 2000]

ILCCs are specifically tailored to complement GVSU General Education program skills goals; specifically, Skills Goal 3.:

3. To locate, evaluate, and use information effectively.

A generally educated person is able to locate, gather, assess, and process information from a variety of sources, and evaluate and use that information as the basis of informed judgments and intelligent decisions.

Liaison Librarians are actively beginning to use ILCCs as a foundation for working with classroom faculty to design effective information literacy instruction.

ILCCs ... And where can I find them??

● [List of Liaison Librarians](#)

The screenshot shows the Grand Valley State University Libraries website. At the top, there is a navigation bar with the university logo and links for News & Events, Quick Links, Majors & Programs, and People Finder. A search bar is also present. Below the navigation bar, the main heading reads "University Libraries". A secondary search bar is located below the heading, with a "Go" button and tabs for "Databases" and "Library".

On the left side, there are two columns of links:

- How do I...**
 - » [Find Articles](#)
 - » [Find Books & Search the Classic Catalog](#)
 - » [Find Magazines & Journals](#)
 - » [Find Resources By Subject](#)
 - » [Cite Sources](#)
 - » [Get Books & Articles That We Don't Have](#)
 - » [Access My Account & Renew Items](#)
- Services**
 - » [Document Delivery](#)
 - » [Course Reserves](#)
 - » [Contact the Libraries](#)
 - » [For Faculty & Staff](#) (highlighted with a box)
 - » [For Students](#)
 - » [More Services](#)

On the right side, there is a section titled "Services for Faculty & Staff" with a sub-heading "Your Liaison Librarian". A callout box labeled "Find your Liaison Librarian" points to the "For Faculty & Staff" link in the Services menu. The text in this section states: "You might say your liaison librarian is your own personal librarian. We hope our liaison librarians are your most valuable library resource!" and "Liaison librarians are your point of contact to the library and its services. Each college, school and department within the university is assigned a liaison librarian who can help support your teaching and research in a variety of ways. [Learn more](#) about how librarians can support you and your students."

Below this, there is a section titled "Teaching Resources" with a link to "[Information literacy core competencies](#) - research skills your students should have at different points in their college careers".

○ Hour 3:

- Hands-on time with
 - Print sources
 - Knovel database of e-books
 - Other e-books
 - Patents
 - Web sites

○ Homework:

- Worksheet
 - Locate and examine 6 types of information sources as indicated, and for each:
 - Cite accurately and properly
 - Give 3-4 sentence evaluation of relevance

Incorporating ILCCs ...

Your turn!

- What are the Prof's learning outcomes for the course? For each assignment? What level is the course?
- Are some IL skills and learning objectives *explicitly or implicitly* part of any of these?
- Is there a component of a particular assignment that could serve as a measurable indicator of competence for an IL?
- Collaboration – how would you prefer to be involved?—ok with Profs designing and teaching IL skills themselves? Or like to consult with them and help with design ideas? Or go to the classroom as Liaison Librarian and teach?

Sharing & Wrap-up

- Examples of lessons or assignments that could incorporate 1-2 ILCCs?
- Group discussion and sharing

MLA Academic Libraries 2011 Session #9 Outcomes

Can you ...

- ... **describe** the GVSU University Libraries' Information Literacy Core Competencies (ILCC) document?
- ... **outline** at least one way that you could incorporate an ILCC learning objective into an IL lesson on your own, or as part of an assignment or course in collaboration with an instructor?
