BODACIOUS HEADLINES - THOMAS BACHER

Gallupia is the latest band of clay to perform in our local art gallery. They've been described as a cross between the Velvet Underground and the Butthole Surfers. Their latest album, "Lust for Life," is a must-listen for fans of experimental rock.

ONE RESPONSE TO BODACIOUS HEADLINES - THOMAS BACHER

Great write-up! I've been a fan of Gallupia's since their first album. Keep up the good work.
