MANIFEST GREATNESS
Panahon ng mga Filipino ang 21st century:
Ang Asian Century
(Ang pagpapanumbalik sa likas na Karangalan
ng lahat ng Filipino sa buong mundo)

Manifest Greatness is a work-in-progress Manifesto
of, for and by Filipino citizens of the world in synergy
with foreign national friends of the Filipino people
worldwide in pursuit of genuine entrepreneurial
wisdom

WE COME TOGETHER thinking and feeling that
there should be no poor Filipinos among the 90
million in the Philippine homeland and 10 million
across 100 countries who, instead of living life to
develop their full potentials, are left with no choice
but to exist, if not to survive, from day to day, for the
past more than 30 years.

There should be no poor people in the world, either –
regardless of class, color or creed – specially for
those who value work and discipline, for those who
are selfdriving and gogetting, and for those who are
doing, accomplishing and achieving great
undertakings and endeavors, not only for thy self, but
also for others.

There ought to be no poor nor there ought to be a
culture of poverty of the mind, a culture of poverty of
the heart, and a culture of poverty of the spirit among
the inherently happiest people on earth, born in the
naturally richest lands and seas of Asia, and whose
creativity and compassion are awe-inspiring and life-enhancing.

There ought to be no sick Filipinos nor there ought to be a culture of disease in the mind and a culture of disease in the spirit among the inherently healthiest people on earth who had anciently known that nature can heal and whose hands and hearts can heal the world.

There ought to be no more elder or younger Filipinos who will live in a culture of constant fear and in a culture of relentless greed any longer, aggravated by the lies and deceit and synonymous impropriety of their leaders that their followers may think to be all right and in order, anymore, be they of and by their own doing or undoing, because from this day onwards:

We take charge. We invest.

You and I will take charge of our own destiny.

You and I will invest our time, our money, our talent, our energy, our technology, our entrepreneurship, our resources in evolving our complex present from an uncertain past into a colorfully better future.

We do this because it is not only our own future that is at stake.

Our loved ones and others, they, too, must live lives in freedom with responsibility and responsiveness to the call of the times. They, too, must live in
happiness and in health, as did our great ancestors from whose discipline, truth, wisdom and values this manifesto takes inspiration, and better than we do today.

The future is here. In pursuit of enlightenment, let us fight the fights of the future – for your wellbeing, and for other people’s wellbecoming. It starts in you and me, right here, right now. ‘Have a better idea? Let’s think, feel, talk and do it now.#

This Manifest Greatness manifesto is originally conceived of, envisioned and initiated for practical implementation by journalist Emmanuel Mario B Santos aka Marc Guerrero and Marc Guerrero Communications Inc on the 9th of December 2009 in Manila, The Philippines, to serve as guiding inspiration in the buildup of a YouNoodle group for the worldwide celebration of Global Entrepreneurship Week UK 2009 dubbed as “Genuine Entrepreneurship Workshops.” GEW Philippines shall come to be known as Entreprize Philippines, aptly, The Prize of Entrepreneurship in the World according to The Philippines, a private social media business startup project.
