Story of Metals

Fathi Habashi

Available at: https://works.bepress.com/fathi_habashi/147/
The Story of Metals. Discovery, Recovery, and Uses, two volumes by Fathi Habashi, 1061 pages, 15 x 23 cm, soft cover. Metals are not arranged according the Periodic Table or alphabetically but are arranged according to their discovery. There are two introductory chapters on metals and their history:

Part 1. Metals
Part 2. History of Metals and Metallurgy
Part 3. Ancient Metals
Part 4. Metalloids of the Alchemists
Part 5. Metals from South America
Part 6. Metals from the East
Part 7. Eighteenth Century Metals
Part 8. Metals of the Nineteenth Century
Part 9. Twenty century metals

The book is illustrated by many Figures mostly in color, biographies of many chemists and metallurgists, and many flowsheets of processes. Published by Métallurgie Extractive Québec and distributed by Laval University Bookstore “Zone”, www.zone.ul.ca.

The author is Professor Emeritus of Extractive Metallurgy at Laval University in Quebec City, Canada.
