Mining and Metallurgy on Postage Stamps

Fathi Habashi
David G. Hendricker
Claude Gignac
Mining and Metallurgy on Postage Stamps is intended to give a historical background to mining and metallurgy by presenting about 900 enlarged reproductions of colored stamps from different countries. Explanations are given in simple language to bring these topics to young people, philatelists, and educators. ISBN 2-980-3247-4-4. 320 pages, published June 1999 by Métallurgie Extractive Québec, 800 rue Alain #504, Sainte Foy, Québec City, Canada G1X 4E7. Distributed by Laval University Bookstore “Zone”, Pavillon Maurice Pollack, Cité Universitaire, Sainte Foy, Québec, Canada G1K 7P4, Tel: (418) 651-5774. Fax: (418) 656-2665, e-mail: conseiller@zone.ul.ca

The Authors:

Fathi Habashi, Professor of Extractive Metallurgy at Laval University, Québec
David G. Hendricker, Professor of Chemistry at Ohio University, Athens, USA
Claude Gignac, Chemist, Mining Division, Ministry of the Environment of Québec
