PUBLICATIONS

Journal Articles

1975

1. Boyle, G. J. (1975). Report order in tachistoscopic recognition. Australian Journal of Psychology, *27*, 269-272.
2. Boyle, G. J. (1975). Shortened Halstead Category Test. Australian Psychologist, *10*, 81-84.

1977

3. Boyle, G. J. (1977). Validation of the three-factor optimal arousal model. Indian Journal of Psychology, *52*, 92-94.

1979

4. Boyle, G. J. (1979). Behavioural management of hyperactive, learning disabled children. Australian Journal of Remedial Education, *11*, 6-10.
5. Boyle, G. J. (1979). Delimitation of state-trait curiosity in relation to state anxiety and learning task performance. Australian Journal of Education, *23*, 70-82.
6. Boyle, G. J. (1979). Private practice in psychology. Bulletin of the Australian Psychological Society, *1*, 25-26.

1983

7. Boyle, G. J. (1983). Critical review of state-trait curiosity test development. Motivation and Emotion, *7*, 377-397. [Also in G. J. Boyle & D. H. Saklofske (2004) (Eds), Sage benchmarks in psychology: The psychology of individual differences, Vol. 3: Cognition, emotion and conation. London: Sage (Ch. 34, pp. 14-32).]
8. Boyle, G. J. (1983). Effects on academic learning of manipulating emotional states and motivational dynamics. British Journal of Educational Psychology, *53*, 347-357.
9. Boyle, G. J. (1983). Higher-order factor structure of Cattell's MAT and 8SQ. Multivariate Experimental Clinical Research, *6*, 119-127.

1984

10. Boyle, G. J. (1984). Effects of viewing a road trauma film on emotional and motivational factors. Accident Analysis and Prevention, *16*, 383-386.
11. Boyle, G. J. (1984). Reliability and validity of Izard's Differential Emotions Scale. Personality and Individual Differences, *5*, 747-750.
12. Boyle, G. J., & Cattell, R. B. (1984). Proof of situational sensitivity of mood states and dynamic traits--ergs and sentiments--to disturbing stimuli. Personality and Individual Differences, *5*, 541-548.

1985

13. Boyle, G. J. (1985). A reanalysis of the higher-order factor structure of the Motivation Analysis Test and the Eight State Questionnaire. Personality and Individual Differences, *6*, 367-374.
14. Boyle, G. J. (1985). A reconsideration of the Cooper/Kline critique of the factor structure of the Motivation Analysis Test. Multivariate Experimental Clinical Research, *7*, 89-94.
15. Boyle, G. J. (1985). Self-report measures of depression: Some psychometric considerations. British Journal of Clinical Psychology, *24*, 45-59. [Also in G. J. Boyle & D. H. Saklofske (2004) (Eds), Sage benchmarks in psychology: The psychology of individual differences, Vol. 4: Clinical and applied research. London: Sage (Ch. 48, pp. 1-19).]
16. Boyle, G. J. (1985). The paramenstruum and negative moods in normal young women. Personality and Individual Differences, *6*, 649-652.
17. Boyle, G. J., Stanley, G. V., & Start, K. B. (1985). Canonical/redundancy analyses of the Sixteen Personality Factor Questionnaire, the Motivation Analysis Test, and the Eight State Questionnaire. Multivariate Experimental Clinical Research, *7*, 113-122.

1986

18. Boyle, G. J. (1986). Analysis of typological factors across the Eight State Questionnaire and the Differential Emotions Scale. Psychological Reports, *59*, 503-510.
19. Boyle, G. J. (1986). Clinical neuropsychological assessment: Abbreviating the Halstead Category Test of brain dysfunction. Journal of Clinical Psychology, *42*, 615-625.
20. Boyle, G. J. (1986). Concussing the brain with electroconvulsive shock therapy (ECT): An appropriate treatment for depression and suicidal ideation? Australian Clinical Psychologist, *18*, 21-27.
21. Boyle, G. J. (1986). Depressed mood effects on processing of high- and low-content structure text in American and Australian college women. Journal of Structural Learning, *9*, 77-82.
22. Boyle, G. J. (1986). Estimation of measurement redundancy across the Eight State Questionnaire and the Differential Emotions Scale. New Zealand Journal of Psychology, *15*, 54-61.
23. Boyle, G. J. (1986). Higher-order factors in the Differential Emotions Scale (DES-III). Personality and Individual Differences, *7*, 305-310.
24. Boyle, G. J. (1986). Intermodality superfactors in the Sixteen Personality Factor Questionnaire, Eight State Battery and objective Motivation Analysis Test. Personality and Individual Differences, *7*, 583-586.
25. Boyle, G. J. (1986). Prediction of cognitive learning performance from multivariate state-change scores. Australian Educational and Developmental Psychologist, *3*, 17-21.
26. Boyle, G. J., & Stanley, G. V. (1986). Application of factor analysis in psychological research: Improvement of simple structure by computer-assisted graphic oblique transformation: A brief note. Multivariate Experimental Clinical Research, *8*, 175-182.

1987

27. Boyle, G. J. (1987). A conjoint dR-factoring of the 8SQ/DES-IV multivariate mood-state scales. Australian Journal of Psychology, *39*, 79-87.

28. Boyle, G. J. (1987). A cross-validation of the factor structure of the Profile of Mood States: Were the factors correctly identified in the first instance? Psychological Reports, *60*, 343-354.
 29. Boyle, G. J. (1987). Commentary: The role of intrapersonal psychological variables in academic school learning. Journal of School Psychology, *25*, 389-392.
 30. Boyle, G. J. (1987). Content similarities and differences in Cattell's Sixteen Personality Factor Questionnaire, Eight State Questionnaire, and Motivation Analysis Test. Psychological Reports, *60*, 179-186.

63. Fernandez, E., & Boyle, G. J. (2008). An expanded behavioral cognitive program for treatment of dysfunctional anger. Paper presented at the 2nd Asian Cognitive Behavior Therapy Conference, Chulalongkorn University, Bangkok, October 18-21.
64. Boyle, G. J. (2008). **Keynote Address:** Overview of personality theories and assessment. Australian Conference on Personality and Individual Differences. Bond University, Gold Coast, November 27-28.

Reports

1. Boyle, G. J. (1987). Critique of a report entitled "Present and prospective screening of annual ANARE". Canberra: Australian Army Directorate of Psychology, 1st Psychological Research Unit.
24. Boyle, G. J. (1989). A guide to use of the Sixteen Personality Factor Questionnaire and Clinical Analysis Questionnaire in military selection. Canberra: Australian Army Directorate of Psychology, 1st Psychological Research Unit.
25. Boyle, G. J. (1989). Report on the construction of 16PF norms for Australian Antarctic expeditioners. Canberra: Australian Army Directorate of Psychology, 1st Psychological Research Unit.
26. Boyle, G. J. (1991). Report on the psychometric utility of the Comrey Personality Scales (CPS) for use by the Australian Army Psychology Corps. Canberra: Australian Army Directorate of Psychology, 1st Psychological Research Unit.
27. Boyle, G. J. (1991). Report on the psychometric utility of the Hogan Personality Inventory (HPI) for use by the Australian Army Psychology Corps. Canberra: Australian Army Directorate of Psychology, 1st Psychological Research Unit.
28. Boyle, G. J. (1992). Report on the psychometric utility of the Clinical Analysis Questionnaire (CAQ) for use by the Australian Army Psychology Corps. Canberra: Australian Army Directorate of Psychology, 1st Psychological Research Unit.
29. Boyle, G. J. (1992). Review of a report into possible psychological test bias against females applying for pilot entry into the Australian Defence Force. Canberra: Australian Army Directorate of Psychology, 1st Psychological Research Unit.
30. Boyle, G. J. (1992). Report on the psychometric utility of the SSPQ personality inventory for use by the Australian Army Psychology Corps. Canberra: Australian Army Directorate of Psychology, 1st Psychological Research Unit.
31. Boyle, G. J. (1992). Report on the applicability of the Clinical Analysis Questionnaire (CAQ) normative data for Australian Army officer candidates. Canberra: Australian Army Directorate of Psychology, 1st Psychological Research Unit.

32. Boyle, G. J. (1992). Report on the psychometric validation of the TPAB ability battery test development project. Canberra: Australian Army Directorate of Psychology, 1st Psychological Research Unit.
33. Boyle, G. J. (1993). Personality assessment: A critique. Canberra: Australian Army Directorate of Psychology, 1st Psychological Research Unit.
34. Boyle, G. J. (1993). Report on the psychometric utility of the Personal Profile Analysis (PPA) and Human Job Analysis (HJA) for use by the Australian Army Psychology Corps. Canberra: Australian Army Directorate of Psychology, 1st Psychological Research Unit.
35. Boyle, G. J. (1994). Report on the psychometric utility of the Personality Assessment Inventory for use by the Australian Army Psychology Corps. Canberra: Australian Army Directorate of Psychology, 1st Psychological Research Unit.
36. Boyle, G. J. (1994). Report on the psychometric utility of the Army English Attainment Test (AEAT) for use by the Australian Army Psychology Corps. Canberra: Australian Army Directorate of Psychology, 1st Psychological Research Unit.
37. Boyle, G. J. (1995). A psychometric evaluation of the Personality Assessment Inventory. Canberra: Australian Army Directorate of Psychology, 1st Psychological Research Unit.
38. Boyle, G. J. (1995). Report on the psychometric utility of the Clinical Analysis Questionnaire (CAQ), and the NEO Personality Inventory (NEO-PI and NEO-PI-R) instruments for use by the Australian Army Psychology Corps. Canberra: Australian Army Directorate of Psychology, 1st Psychological Research Unit.
39. Boyle, G. J. (1995). Review of a report on the procedures used for prediction of Antarctic expeditioner performance using ANARE and Army test data. Canberra: Australian Army Directorate of Psychology, 1st Psychological Research Unit.
40. Boyle, G. J. (2000). Evaluation of the Career Decisions Support Systems (CDSS) Discrete Choice Modeling. Australian Army, Georges Heights, Sydney, November/December, Australian Defence Force.

Tests Constructed

1. Boyle, G. J., Strelau, J. & Angleitner, A. (1992). Pavlovian Temperament Survey: Australian Edition. Department of Psychology, University of Queensland.
2. Boyle, G. J. (1992). Multidimensional Mood State Inventory (MMSI). Department of Psychology, University of Queensland.

Theses/Dissertations

1. Boyle, G. J. (1972). The Halstead Category Test: Clinical neuropsychological assessment of brain-damaged patients. Honours Thesis, University of Melbourne.
2. Boyle, G. J. (1977). Delimitation of state and trait curiosity in relation to state anxiety and performance on a learning task. Masters Thesis, University of Melbourne.

3. Boyle, G. J. (1983). Effects of depressive mood and the premenstrual factor on processing of high and low content structure text in American and Australian college women. Ph.D. Dissertation, University of Delaware. Dissertation Abstracts International, 1984, 45(2), 661-B. Order No. DA8412699.
4. Boyle, G. J. (1984). Effects on academic learning of manipulating mood states and motivational dynamics in relation to ability and personality factors. Ph.D. Thesis, University of Melbourne. Dissertation Abstracts International, 1986, 46(9), 3252B-3253B. Order No. DA8525651.
5. Boyle, G. J. (2006). Scientific analysis of personality and individual differences. D.Sc. Thesis, University of Queensland.

Seminars Presented

1. Multivariate psychometric research in personality and motivation. Department of Psychology, University of Melbourne, March 1986.
2. Multivariate clinical assessment of depression. Department of Psychiatry, Faculty of Medicine, University of Melbourne, June 1986.
3. Predicting academic achievement from multivariate personality, motivation and mood-state intrapersonal psychological variables. Faculty of Education, University of Melbourne, August 1987.
4. Methodological issues in the use of factor analysis in psychological research: A discussion with Professor R. B. Cattell. Department of Psychology, University of Hawaii, Honolulu, November 1987. (Video)
5. Psychological research from a multivariate, psychometric perspective. Department of Psychology, University of Western Australia, April 1988.
6. Multivariate personality research. Address to the Edinburgh Structural Psychometrics Group, Department of Psychology, University of Edinburgh, August 1988.
7. Psychometrics and psychological testing. Department of Psychology, University of Delaware, USA, October 1989.
8. Exploratory and confirmatory factor analysis and psychological tests. Department of Psychology, Princeton University, New Jersey, October 1989.
9. Multivariate methods in psychology and education. Department of Applied Behavioral Sciences, University of California, Davis, October 1989.
10. Multivariate psychometric methods and testing. School of Education, Stanford University, Palo Alto, California, October 1989.
11. Factor analytic methodology in psychological research. Department of Psychology, University of Queensland, March 1990.
12. Use of factor analysis and structural equation modelling in psychometric research: Multidimensional mood states across the menstrual cycle. Department of Psychology, University of Sydney, April 1991.

13. Psychometrics/Personality/Motivation and all that... Address given at the Annual General Meeting, APS Board of Educational and Developmental Psychologists, Department of Psychology, University of Queensland, September 1991.
14. Aerobic exercise, mood states and menstrual cycle symptoms: Prospective vs. retrospective reports. Department of Psychiatry, University of Iceland, National University Hospital, Reykjavík, November 1993.
15. Schizotypal personality traits: Results of factor analytic investigations at Oxford University. Department of Psychiatry, University of Iceland, National University Hospital, Reykjavík, November 1993.
16. Factor analytic issues in personality testing. Department of Psychology, University of California, Los Angeles, November 1994.
17. Factor analytic applications in personality assessment: From the Ettamogah pub to the Green Elephant. Department of Psychology, Southern Methodist University, Dallas, Texas, November 1994.
18. Psychological assessment, the Big Five, and the Ettamogah pub. Department of Psychology, University of Texas at Arlington, December 1994.
19. Problems in personality assessment: An historical overview. Department of Psychology, Murdoch University, Western Australia, September 1995.
20. Youth suicide prevention research: Urgent psychological questions. Griffith University, Queensland, July 14, 1997.
21. Role of personality-stress as a predictor of cancer or CHD mortality: Effect of prophylactic autonomy training. Department of Psychiatry, University of Queensland, Royal Brisbane Hospital, October 7, 1997.
22. Personality assessment: Directions for research in the 21st Century. Department of Psychiatry, University of California, VA Medical Center, San Diego, La Jolla, USA, October 16, 1997.
23. Youth suicide prevention research. University of Texas Southwestern Medical Center, Dallas, Texas, October 31, 1997.
24. Role of stress in cancer or CHD mortality: Effect of prophylactic autonomy training. Department of Psychiatry, Stanford University, VA Medical Center, Menlo Park, November 7, 1997.
25. Directions for psychological assessment research in the 21st Century. Department of Psychiatry, University of Queensland, Royal Brisbane Hospital, June 26, 1997.
26. Men's psychosexual health: Long-term harm caused by neonatal circumcision. Department of Psychology, Southern Methodist University, Dallas, Texas, June 30, 1998.
27. Assessment of pain: McGill Pain Questionnaire. Department of Psychiatry, University of Queensland, Royal Brisbane Hospital, October 27, 1999.
28. Factor analysis in psychological research. Department of Psychology, University of Malta, November 16, 1999.

29. Psychological testing in the 21st Century. Public Lecture, University of Malta, November 19, 1999.
30. Beneficis profilàctics de l'entrenament en autonomia en la prolongació de la vida de pacients amb càncer. Departamento de Psicología Basica, Clinica I Psicobiología, Universitat Jaume I de Castelló, España, November 29, 1999.
31. Análisis factorial exploratorio. Departamento de Psicología, Universidad Centroamericana, San Salvador, El Salvador, C.A., September 30, 2000.
32. El rol del estrés en la morbilidad y mortalidad del cáncer y enfermedad coronaria: Beneficio profiláctico del entrenamiento autógero. Facultad de Humanidades y Ciencias Naturales, Universidad Tecnológica, San Salvador, El Salvador, C.A. October 3, 2000.
33. El stress como predictor de la mortalidad o enfermedades cardíacas coronarias (CHD): Eficacia del tratamiento profiláctico de la autonomía. Universidad Panamericana, San Salvador, El Salvador, C.A., October 4, 2000.
34. Investigación de la prevención del suicidio de la juventud: Preguntas psicologicas urgentes. Departamento de Psicología, Universidad Centroamericana, San Salvador, El Salvador, C.A., October 9, 2000.
35. La evaluación psicológica en el Siglo XXI. Departamento de Psicología, Universidad Francisco Marroquin, Guatemala, Guatemala, C.A., October 11, 2000.
36. Perspectivas de las pruebas psicológicas en el Siglo XXI. Departamento de Psicología, Universidad de Buenos Aires, Argentina, October 3, 2001.
37. Aspectos psicológicos en pacientes con cáncer. Escuela de Psicología, Pontificia Universidad Católica de Chile, Santiago, Chile, October 8, 2001.
38. Psicometría en el Siglo XXI. Departamento de Psicología, Universidad de Chile, Santiago, Chile, October 9, 2001.
39. Beneficios profilácticos del entrenamiento en autonomía en pacientes con cáncer de mamas. Departamento de Psicología, Universidad de Chile, Santiago, Chile, October 10, 2001.
40. Prevención del suicidio en jóvenes. Escuela de Psicología, Pontificia Universidad Católica de Chile, Santiago, Chile, October 11, 2001.
41. Investigaciones en prevención de suicidio en adolescentes. Departamento de Psicología, Universidad de Chile, Santiago, Chile, October 12, 2001.
42. Análisis factorial exploratorio en las investigaciones psicológicas. Departamento de Psicología, Universidad de Buenos Aires, Argentina, October 25, 2002.
43. Youth suicide prevention research: Urgent psychological questions. Faculty of Psychology, Chulalongkorn University, Siam Square, Bangkok, Thailand, November 2, 2004.
44. Critical directions for psychometric testing in the 21st century. Faculty of Psychology, Chulalongkorn University, Siam Square, Bangkok, Thailand, November 17, 2005.
45. Personality factors and vulnerability to stress as predictors of cancer morbidity and mortality. Institute for Child and Family Development, Mahidol University, Bangkok, Thailand, November 25, 2005.

46. Psychometric testing in Thailand: Urgent need for establishment of a Thai research institute for development of psychological tests for use in Thailand. Institute for Child and Family Development, Mahidol University, Bangkok, Thailand, November 25, 2005.
47. Instructions on appropriate exploratory factor analytic methodology. Institute for Child and Family Development, Mahidol University, Bangkok, Thailand, November 25, 2005.
48. Personality factors and vulnerability to stress as predictors of cancer morbidity and mortality (15-year prospective intervention study). Faculty of Psychology, Payap University, Chiang Mai, Thailand, November 27, 2006.
49. Psychological testing in the 21st century. St. Louis College, Bangkok, Thailand, December 6, 2006.
50. Factor Structure of Schizotypal Personality Traits Faculty of Psychology, Chulalongkorn University, Siam Square, Bangkok, Thailand, December 4, 2006.
51. Youth suicide prevention research. Payap University, Chiang Mai, Thailand, March 28, 2007.
52. Health psychology and quality of life. St. Louis College, Bangkok, Thailand, December 19, 2007.

Symposia

1. Psychological assessment and evaluation of gifted/talented students (Convener). Symposium, 28th Annual Conference, Australian Psychological Society, Gold Coast, 29 September - 2 October, 1993. Abstract in Proceedings of the 29th APS Annual Conference, 1993, p. 79.
2. Cross-cultural perspective on responsibility attribution and blame assignment (2004). (Discussant). Symposium, 17th International Congress, International Association for Cross-Cultural Psychology, Shaanxi Normal University, Xian, August 2-6.
