Philosophy of Mind

Philosophy of Neuroscience

Philosophy of Psychology

Philosophy of Computing

Artificial Intelligence

Biographical Narrative:

Gualtiero Piccinini works primarily in the philosophy of mind, with an eye to psychology, neuroscience, and computer science. His main current interests include computational theories of mind and the relation between psychology and neuroscience, consciousness, and intentionality. In 2003, he graduated from the Department of History and Philosophy of Science at the University of Pittsburgh.

Between 2003 and 2005, he was a James S. McDonnell postdoctoral research fellow in the philosophy-neuroscience-psychology program at Washington University in St. Louis. Since 2005, he is a member of the Philosophy Department at the University of Missouri-St. Louis. In 2009, he joined the Center for Neurodynamics at UM-St. Louis. In 2010, he also joined the Psychology Department at UM-St. Louis.

His research has been funded by the National Science Foundation, the Institute for Advanced Studies at the Hebrew University in Jerusalem, the National Endowment for the Humanities, the Charles Babbage Institute, the Andrew Mellon Foundation, the University of Missouri Research Board, the University of Missouri-St. Louis, and the Regione Sardegna. His articles have been published in journals such as *Cognitive Science*, *Philosophers' Imprint*, *Philosophy and Phenomenological Research*, *Philosophy of Science*, *British Journal for Philosophy of Science*, *Australasian Journal of Philosophy*, *Philosophical Studies*, *Journal of Biological Physics*, *Neural Networks*, *Synthese*, and the *Canadian Journal of Philosophy*.
