Global Butyric Acid Market Analysis Report 2018-2025

Kritika Walia, Research

Available at: https://works.bepress.com/kritika-walia/145/
According to the global **Butyric Acid Market** report published by Value Market Research, the market is expected to touch USD 440 MN by 2024, with a CAGR of X.X% growing from USD 170.5 MN in 2017. This is a tailored made research service providing informative data and various critical aspects of the market such as market outlook, market share, growth, and trends. Further, the report also offers evidence-based information that helps to transform clients business and achieve their business goals. Moreover, the report also highlights the key strategy of top players. Additionally, this report covers a wide spectrum of services such as the latest technology trend, market opportunity analysis, and competitive landscape.

The report also covers detailed competitive landscape including company profiles of key players operating in the global market. The key players in the butyric acid market includes Eastman Chemical Company, Snowco Industrial Co. Ltd., Oxea GmbH, Perstorp Holding AB, Beijing Huamaoyuan Fragrance Flavor Co. Ltd., and Tokyo Chemical Industry Co. Ltd. An in-depth view of the competitive outlook includes future capacities, key mergers & acquisitions, financial overview, partnerships, collaborations, new product launches, new product developments and other developments with information in terms of H.Q.

**Market Dynamics**

Butyric acid-based foods and flavors are gaining popularity from past few years owing to the health benefits it offers over its substitutes. Also, rising demand for meat, and food & flavors, along with the rising concerns over animal care. Additionally, growing animal feed industry is expected to grow the application of butyric acid even further. Moreover, growing application of butyric acid in chemicals intermediate segment which is further likely to add impetus growth to the market. Conversely, unpleasant smell of butyric acid is the major cause limiting the market growth.

This detailed market study is centered on the data obtained from multiple sources and is analyzed using numerous tools including portrer’s five forces analysis, market attractiveness analysis and value chain analysis. These tools are employed to gain insights of the potential value of the market facilitating the business strategists with the latest growth opportunities. Additionally, these tools also provide a detailed analysis of each application/product segment in the global market of butyric acid.

**Market Segmentation**

The broad butyric acid market has been sub-grouped into type and application. The report studies these subsets with respect to the geographical segmentation. The strategists can gain a detailed insight and devise appropriate strategies to target specific market. This detail will lead to a focused approach leading to identification of better opportunities.

**By Type**

- Synthetic Butyric Acid
- Renewable Butyric Acid
By Application

- Animal Feed
- Chemical Intermediate
- Food and Flavor
- Pharmaceutical
- Perfume
- Others

Regional Analysis

Furthermore, the report comprises of the geographical segmentation which mainly focuses on current and forecast demand for butyric acid in North America, Europe, Asia Pacific, Latin America, and Middle East & Africa. The report further focuses on demand for individual application segments in all the regions.
