COLLEGE HEIGHTS HERALD INDEX
August 24, 2004 through May 1, 2008

ABOUT THIS INDEX

This is an index of news and feature articles published in WKU’s official campus newspaper, the College Heights Herald, for the date span above. The index is arranged alphabetically by subject or name, followed by a list of article titles in chronological order (month/day/year) and the page number.

Please note the following:

Most editorials, letters to the editor, columns and commentaries have not been included.

Routine reports on the outcome of regularly scheduled athletic competitions have not been included. Where content relating to a particular sport has been included, it usually relates to the program generally, individual athletes, or other news beyond the outcome of a specific game.

Content that appeared only in an online edition of the Herald is not included.

References to “A View of the Hill” refer to an introductory edition of the Herald, customarily published prior to the first regular issue of the fall semester.

The College Heights Herald is available in paper form and/or microfilm through University Archives.
Abell, Brian G.
$15K horse statue found in student’s apartment 11/14/06: 6

Academic Advising
Top advising position filled 10/4/05: 8
