- Index to Playboy: Belles-lettres, articles and humor (1953-1969)
Playboy Enterprises, Inc. is committed to protecting and promoting the American principles of personal freedom and social justice. We honor that commitment through the Playboy Foundation, our corporate giving program, which makes contributions to local and national not-for-profit organizations that protect the rights of the individual in a free society.

Since 1965, the Playboy Foundation has recognized advocates for First Amendment rights, supported socially aware documentary filmmakers and encouraged programs upholding civil rights and civil liberties by giving over $20 million in cash grants, contributions and in-kind services to nonprofit organizations throughout the United States.
