

ACADEMIC TRAINING

Postdoc	Social Epidemiology. Department of Epidemiology & Center for Integrative Approaches to Health Disparities, University of Michigan School of Public Health. (Supervisor: Ana Diez Roux)	2009
PhD	Epidemiology. Department of Social Medicine, Federal University of Pelotas, Brazil. (Supervisor: Cesar Victora)	2007
MSc	Public Health Nutrition. London School of Hygiene and Tropical Medicine.	2004
BS	Nutrition Science & Exercise Science. University of California, Davis.	1998

PROFESSIONAL EXPERIENCE

<i>Interim Director.</i> Solutions through Translational Research in Diet and Exercise (STRIDE), California Polytechnic State University (Cal Poly). Joint appointment: Kinesiology and Food Science & Nutrition Departments.	2013-current
<i>Assistant Professor of Community Nutrition.</i> Food Science & Nutrition Department, Cal Poly.	2009-current
<i>Research Professor.</i> STRIDE, Cal Poly.	2009-current
<i>US Peace Corps Volunteer.</i> Public Health Extension Program, Chuuk State Office of Public Health, Federated States of Micronesia.	1999-2001

PRESENTATIONS, FIRST AUTHOR

Determinants of food insecurity among poor Hispanic and white households. *American Public Health Association 140th Meeting and Expo*. San Francisco 2012.

Determinants of self-reported health in young adults: Findings from the FLASH Cohort. *3rd North American Congress of Epidemiology*. Montreal 2011.

Sociodemographic disparities in BMI among young adults: Findings from the FLASH Cohort. *3rd North American Congress of Epidemiology*. Montreal 2011.

Sociodemographic characteristics associated with longitudinal changes in inflammation: the Multi-Ethnic Study of Atherosclerosis. *3rd North American Congress of Epidemiology*. Montreal 2011.

Is college fattening? Examining the increasing prevalence of obesity throughout the college years. *Joint Conference of the American Heart Association; 50th Cardiovascular Disease Epidemiology and Prevention & Nutrition, Physical Activity and Metabolism Conferences*. San Francisco 2010.

The influence of persistent pathogens on circulating levels of inflammatory markers: the Multi-Ethnic Study of Atherosclerosis (Spotlight Session oral presentation). *43rd Annual Meeting of the Society for Epidemiologic Research*. Seattle 2010.

The impact of parental education on offspring BMI: Findings from the FLASH cohort. *28th Annual Meeting of The Obesity Society*. San Diego 2010.

Long term inflammatory consequences of maternal smoking. *6th World Congress on Developmental Origins of Health and Disease*. Santiago 2009.

Lifecourse socioeconomic factors, skin color, and abdominal obesity in adulthood in a Brazilian birth cohort. *6th World Congress on Developmental Origins of Health and Disease*. Santiago 2009.

Growth from birth to adulthood and abdominal obesity in a Brazilian birth cohort. *6th World Congress on Developmental Origins of Health and Disease*. Santiago 2009.

Differential and cumulative impact of BMI and central obesity on C-reactive protein levels: findings from a Brazilian birth cohort (Spotlight Session oral presentation). *42nd Annual Meeting of the Society for Epidemiologic Research*. Anaheim 2009.

The impact of neighborhood characteristics on inflammatory markers: the Multi-Ethnic Study of Atherosclerosis. *42nd Annual Meeting of the Society for Epidemiologic Research*. Anaheim 2009.

Life course socioeconomic trajectories and C-reactive protein levels in young adults: findings from a Brazilian birth cohort. *12th World Congress on Public Health*. Istanbul 2009.

Early-life and contemporary socioeconomic factors are associated with systemic inflammation in young adults. *5th World Congress on Developmental Origins of Health and Disease*. Perth, 2007.

Rapid early growth is a risk factor for systemic inflammation in young adulthood. *5th World Congress on Developmental Origins of Health and Disease*. Perth, 2007.

[Early and contemporary determinants of C-reactive protein levels in young adults: an interdisciplinary approach]. *1st Congress on Collective Health of Santa Catarina*. Florianópolis. 2006.

Restricted fetal growth and metabolic consequences in later life: Findings from the 1982 Pelotas birth cohort. *11th World Congress on Public Health and 8th Brazilian Congress on Collective Health*. Rio de Janeiro 2006.

Higher HbA_{1c} levels among Brazilian males with restricted fetal growth. *3rd International Congress on Developmental Origins of Health and Disease*. Toronto. 2006.

RESEARCH SUPPORT & CONTRACTS

San Luis Obispo Department of Public Health. “Supplemental Nutrition Assistance Program-Education (SNAP-Ed)/Nutrition Education and Obesity Prevention program evaluation for San Luis Obispo County.” 2013-2016. Contract PI.

FoodCorps. “Evaluating the impact of the FoodCorps program: Examining household food security.” 2013-2014. Contract PI.

NHLBI R01-HL114377. “Preventing excessive gestational weight gain in obese women.” 2012-2016. Co-I (PI Phelan, S).

Extramural Funding Initiative, California State University, “Longitudinal changes in biochemical risk markers in the Cal Poly FLASH Cohort: Capitalizing on existing data and the Spring 2012 follow-up.” 2012-2013. PI.

USDA Hunger-Free Communities, San Luis Obispo Food Bank Coalition, “Evaluating food insecurity among at-risk populations in San Luis Obispo County.” 2011-2013. Subcontract Co-PI.

Faculty Support Grant, California State University, “Changes in dietary patterns and eating behavior over the first year of college: Findings from the Cal Poly FLASH Cohort.” 2010-2011. PI.

Extramural Funding Initiative, California State University, “The Cal Poly FLASH Cohort: Database creation, analysis of weight change data, and biochemical analysis.” 2011-2012. PI.

Agricultural Research Initiative, California State University, “Five-year weight gain patterns among participants of San Luis Obispo and Santa Barbara County WIC programs.” 2011-2013. Co-I (PI Papathakis, P).

Agricultural Research Initiative, California State University, “Dietary patterns in relation to sleep and stress in college freshman: The Cal Poly FLASH Study.” 2010-2011. PI.

Agricultural Research Initiative, California State University, “Long-term inflammatory consequences of maternal smoking: findings from young adults belonging to a Brazilian birth cohort.” 2009-2010. PI.

Oreggia Family Foundation Grant, “Development of a university-based cohort among incoming freshman at Cal Poly.” 2009. PI.

Australian Aid Agency Educational Grant, “A quarterly public health newsletter on HIV/AIDS in Chuuk, Micronesia.” 2000. PI.

EDITORIAL ACTIVITIES

Associate Editor: Public Health Nutrition.

Ad-hoc Reviewer: BMJ, Journal of Epidemiology and Community Health, Social Science and Medicine, American Journal of Clinical Nutrition, Atherosclerosis, BMC Public Health, Health and Place, among others.

HONORS & AWARDS

Distinguished Educator Award, California Faculty Association	2013
Nutrition Leadership Institute, Dannon Institute	2011
President’s Community Service Award, California Polytechnic State University	2010
Outstanding Faculty Award, California Polytechnic State University	2010
Fellow of the 34 th Ten-Day Seminar on the Epidemiology and Prevention of Cardiovascular Disease. American Heart Association.	2008
Doctoral Fellowship, Brazilian Ministry of Education & Wellcome Trust	2004
LSHTM Trust for summer research project, University of London	2003

PROFESSIONAL AFFILIATIONS

World Public Health Nutrition Association	2013-current
The Nutrition Society (Honorary Editorial Board Member)	2011-current
American Public Health Association	2010-current
The Obesity Society	2009-current
Society for Epidemiologic Research	2008-current
International Epidemiological Association	2005-current
International Society for Developmental Origins of Health and Disease	2005-current

SERVICE ACTIVITIES

Appointed member, California Governor’s Science Advisory Board, Developmental and Reproductive Toxicant Identification Committee.	2013-current
Member, Board of Directors, New Vision Global Health Network, a 501(c)(3) non-profit corporation.	2013-current
Co-chair, Committee for development of new MS degree, Cal Poly Food Science and Nutrition Department.	2011-current
Member, Advisory Board, Cal Poly Center for Community Engagement.	2011-current

KEY COMPETENCIES

Technical & analytical: Epidemiologic methods, large/complex data sets, multi-level/longitudinal models, conceptual framework design, project evaluation.

Leadership: Track record of successful management, fostering interdisciplinary collaborations, leading team projects, rising to the top.

Cultural: Adaptable to any professional or socio-cultural environment; drawing on lifetime of diverse international experience.

Languages: Turkish and English (native); Spanish and Portuguese (fluent); German, Farsi, and Chuukese (intermediate).
