Journal of Renewable Energy Sources

-

Technology, Business and Policy

Aims & scope

The Journal of Renewable Energy Sources - Technology, Business and Policy seeks to promote and disseminate knowledge on the various topics and technologies of renewable energy systems and components. The journal aims to serve researchers, engineers, economists, manufacturers, NGOs, associations, societies and policymakers to help them keep abreast of new developments and to apply most effective solutions to current practices.

The journal aims to be a leading peer-reviewed platform and an authoritative source of original research and reviews related to renewable energy science, technology, business and policy.

Journal of Renewable Energy Sources - Technology, Business and Policy covers (i) technology related to renewable energy sources: (1) bioenergy, (2) wind, (3) solar and (4) hydro, their (ii) business development and (iii) associated policies.

Journal of Renewable Energy Sources - Technology, Business and Policy accepts original research papers as well as review papers.

Editor-in-Chief

Wojciech Budzianowski
